Glowet

Disposable moisture mittens

GLOWET are moisture mittens recommended for washing without water or soap, freshening up patients in bed or people with reduced mobility, replacing traditional bath or shower. Anatomically designed to ensure the hand does not slip out when being used. **GLOWET,** with its SINGLE USE concept, radically eliminates any possibility of repeat infection due to the total certainty that it will not be used again.

Ready to use. Safe for sensitive skin
Saving bath time compared to usual.
Without parabens, latex or perfume, to avoid any problem of allergies.

Product information

Sanitary non-woven mitt: 90 g/sqm (bioriented) 60% Polyester-40% Viscose. Measurement of the unit: 24x17 cm ± 5%
LOTION: Aqua, Propylene glycol, Sodium benzoate, Potassium sorbate, PEG 40 Hydrogenated Castor Oil, Citric Acid.
Available with internal protection (REF. 0000410)

Instructions

GLOWET can be used at room temperature. It can also be warmed at the microwave, being more comforting for the user. Do not heat up more than 30 seconds at 800W.
WARNING: Always check temperature before applying to the skin.
Pull slightly the removable tag and take out one glove, close the pack afterwards. Gently rub down the skin with the glove and let it dry.
Throw away after using it. Do not flush it down the toilet.

Warnings and Recommendations

Keep out of the reach of children. Do not eat. External use.
Do not apply on damaged skin, with wounds or ulcers.
It is recommended to use several mittens for the same wash, according to the different areas of the body.
Discard after use.

Storage and shelf life

Store in a cool and dry place. Protect from sunlight.
Shelf life: 2 years.
